Congress Sessions:
- Microbiota 2019: Recent Advances & Challenges
- Challenges of microbiota-host cross-talk understanding and intestinal microbiomesignaling to extraintestinal organs
- Microbiota Metabolites and Metabolome: Challenges & Perspectives
- Microbiota & medicine of tomorrow: Development of effective therapeutic strategies to manipulate the gut microbiota
- Special Workshop: Skin microbiota 2019: From basics to applied cosmetics and skin care
- Special session on Built Environment Microbiome

Microbiota 2019 Key dates
Tue. Early Registration July 30, 2019
Thu. Short Oral Submission Sep. 12, 2019
Sat. Poster Submission Sep. 28, 2019

Plenary Speakers

**Special session on Built Environment Microbiome**
Markus Egert, Furtwangen University, Germany

**Modulating the microbiota of the hospital environment by probiotic cleaning: impact on infections and antimicrobial resistance**
Elisabetta Caselli, University of Ferrara, Italy

**microRNA in host-microbiome interaction and probiotics**
Elena M Comelli, University of Toronto, Canada

**Intestinal barrier, gut microbiota and psoriasis**
Mariusz Sikora, Medical University of Warsaw, Poland

**Risk for Diabetes and Cardiovascular diseases in the Qatari population: Can the salivary microbiome predict it?**
Souhaila Al Khodor, Sidra Medical and Research Center, Qatar

**Gut microbiota and graft-versus-host disease in patients after bone marrow transplantation: FMT as a prevention or treatment?**
Jaroslaw Bilinski, Medical University of Warsaw, Poland

**Skin microbiota 2019: From basics to applied cosmetics and skin care**
Florence Abdallah, University Paris-Sud - Inserm, France

**International Space Station and hospital environments: Composition and function of microbiomes in confined built environments**
Moissl-Eichinger, Medical University Graz, Austria

**Gut bacterial metabolites as markers and mediators of cardiovascular aging**
Marcin Ufnal, Medical University of Warsaw, Poland

**Dialogue between the skin and the microbiota: The immune system is under control**
Chantal Pichon, French National Centre for Scientific Research, France

**Brain-Gut-Microbiota Axis in Alzheimer’s Disease**
Agata Mulak, Wroclaw Medical University, Poland

**Metabolic and Metagenomic Consequences of E. coli Infections**
Matteo Serino, Inserm and Digestive Health Research Institute, France

**Hyaluronan, a new neuroimmune modulator of the microbiota-immune-gut-axis**
Cristina Giaroni, University of Insubria, Italy
